

Camping in Death Valley
(1958)

First view of Death Valley: Rain around us..
The overlook..
The sun shone over the Valley
Awesome

Singing on the Valley floor..
the Water was Bad
Bright moon..blowing wind
Mountains with snowy caps
The desert was our bed

Burning tires
now a "NO NO!"
But what did we know then?!

The charcoal kilns
High elevation..snow storm..
shelter in the "bee hives"..Or
inside the covered truck..

Singing in the abandoned mine..
Donkey serenade one early morning
surrounded by colors..

Remember....
