

University of California, Berkeley
Hiking Club Testaments
November 1976 — May 1984

Well, here they are, Testaments
the 3rd & 4th. They may not be exactly
what you expected, but, well, they are
what they are, and amidst all the
silliness & streams of consciousness, they
do tell the story of UCHC during those
years better than anything else can.

Cheers,
— Bob Akka

NOTE: The original Testaments may no longer exist.
Photocopies of the originals are in the possession of Bob
Akka, who indicates some editing was done prior to
submitting the version posted to this website. Bob made
copies of the photocopies in his set and provided them to
Kay Hershey Loughman for scanning to PDF.
