Jest 'Fore Christmas

- Eugene Field -

Father calls me William, sister calls me Will,
 Mother calls me Willie, but the fellers call me Bill!
 Mighty glad I ain't a girl--ruther be a boy,
 Without them sashes, curls, an' things that's worn
 by Fauntleroy!
 Love to chawnk green apples an' go swimming in the lake--
 Hate to take the castor-ile they give for belly-ache!
 Most all the time, the whole year round, there ain't
 no flies on me,
 But jest 'fore Christmas I'm as good as I kin be!

Got a yeller dog named Sport, sick him on the oat;
 First thing she knows she doesn't know where she is at!
 Got a clipper sled, an' when us kids goes out to slide,
 'Long comes the grocery cart, an' we all hook a ride!
 But sometimes when the grocery man is worried an' cross,
 He reaches at us with his whip, an' larrup's up his hoss,
 An' then I laff an' holler, "Oh, ye never toched me!"
 But jest 'fore Christmas I'm as good as I kin be!

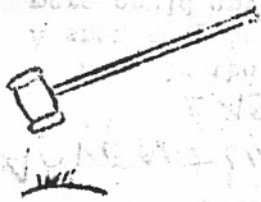

For Christmas, with its lots an' lots of candies, cakes
 an' toys,
 Was made, they say, for proper kids an' not for naughty
 boys.
 So wash yer face an' bresh yer hair, an' mind yer
 p's and q's,
 And don't bust out yer pantaloon's, and don't wear
 out yer shoos:
 Say "Yossum" to the laddies, and "Yessur" to the men,
 An' when they's company, don't pass yer plate for
 pie again;
 But, thinkin' of the things yer'd like to see upon
 that tree,
 Jest 'fore Christmas be as good as yer kin be!

A Word From Our President -

HIKE LEADER RESPONSIBILITIES

On the bulletin board in Room C there is a brand new poster with a list of responsibilities for the people who will lead hikes in the near or distant future. This poster is liable to feel very much abandoned unless some kind hearted soul takes a couple of minutes to see what it says. The first item says that hike leaders must scout the trip or have a thorough knowledge of the area where the trip will be held. This is obviously a necessity, since without this knowledge many of our members might be misled by some uninformed leader. Secondly, the leader should secure property permits, if those should be necessary. This is an absolute must, since the UCHC members all like to return from the hikes they start out on, something which might be rather problematical if they are found trespassing on somebody's private property. Third, the leader should write an article for the Bear Track preceding the hike. The Bear Track is a very widely read publication and therefore is an excellent vehicle for publicizing the event. The leader should be familiar with the Bear Track schedule so he will know when his article should be in. Fourth, the leader should provide some method for introducing all hikers before the hike starts. This is also very important, since few people like to spend a whole day with a group and not know anybody's name or what is going on. Fifth, he should have the hikers sign the registration sheet. A convenient time to do this is during the lunch pause. He should also add any comments on the back of the sheet, so that it can be used as reference in planning

ELECTION TIME

NOMINATIONS MADE

Election time has rolled around and once again we have a chance to voice our ideas on who should run our U.C.H.C. Twenty members have so far been chosen, nine of which will make up the new executive committee for next semester. If you believe some certain active club member would serve the club well on ex-committee, be sure to write his or her name on the sheet on the Room C bulletin board. Get two other people besides yourself to endorse the nomination, and do all this before 12:00 noon on Friday, Dec. 14, when nominations close. Ballots will be sent out by mail later.

The following list includes those nominated at this time:-

- | | |
|---------------|-----------------|
| Harry Krueper | Ilse Kirchhofer |

OUTINGS COMMITTEE STAYS DRY - PLANS YEARS EVENTS

On one of those really damp days in November, the Outings Committee theoretically got together in one of their periodic gatherings. A few poor unsuspecting Room C loiterers were about and also helped out. The main deal was to select spots for next year's outings. This is really a simple job. Yosemite is the place for spring semester week, the High Trip will be in the Evolution Basin country and about the June trip - Jerry Smith probably will have Smith-fits as there is no definite place for this outing, nor leader, - just an arbitrary title of "spontaneous hike". What's that? Well, we have a few suggestions of places to go: 1. Wrights Lake; 2. Northorn Yosemite; (Tonaya Canyon, Waterwheel Falls, Ten Lakes and/or Pato Valley); 3. Dardonelles (near Sonora Pass). More about those later.
